

RMA POLICY

Revised March 2017

Introduction

WiFiRanger backs their products with a generous policy that provides superb support for dated products that have been discontinued. Products that are under warranty receive excellent treatment at no cost while even dated products that are out-of-warranty can receive the same treatment for reasonable rates. Rather than being left with inoperable product, have WiFiRanger repair or replace the equipment for continued use and enjoyment.

WARRANTY RESTRICTIONS

WiFiRanger does not cover damages incurred by Acts of God, Misuse, or Abuse. Furthermore, damage caused due to overhangs or trees that strike the product will not be covered under warranty. Even if a product is within the warranty period, but has suffered damage due to such causes, repairs will be considered out-of-warranty, and will cost according to the fees outlined later in this policy.

30-day Satisfaction Guarantee

Allows you to return the product(s) in as-delivered condition within 30 days of purchase for a no-questions-asked, purchase-price refund (excludes any shipping charges).

1-year Warranty

Protects our product(s) against failure under normal/recommended use for a full year after purchase. Should our product(s) fail within a year after purchase, we will replace the failed hardware through our RMA process. If the same product is no longer available to replace failed equipment, then a replacement of equal or greater performance will be substituted.

1-year Functionality Guarantee

The 1-year Functionality Guarantee allows you to have peace of mind, knowing that we back our product(s) as advertised. Should you experience a problem with the functionality of our product(s) that we have advertised to be working, we will have our support team troubleshoot until it is evident that a solution is not available, at which point, you may opt to return the product(s) for a purchase-price refund.

5-year Titanium Warranty

The WiFiRanger Mobile/Marine Titanium (discontinued July 2013) is backed by a 5-year Warranty that protects against failure under normal/recommended use for a full five years after purchase. Should the product fail within five years after purchase, we will replace the failed hardware through our RMA process. If the same product is no longer available to replace failed equipment, then a replacement of equal or greater performance will be substituted.

Lifetime MobileTi Warranty

The WiFiRanger MobileTi (discontinued January 2015 and end-of-life March 2017) was backed by a Lifetime Warranty that protected against failure under normal/recommended use. As of March 2017, the product is no longer under warranty. Any repairs would need to be paid for by customer, and parts will be subject to the market availability.

3-year Elite / EliteAC Warranty

The WiFiRanger Elite (released February 2015) and EliteAC (released November 2016) are backed by a 3-year Warranty that protects against failure under normal/recommended use for 3-years after the purchase of the product. Should the product fail after purchase and within the product's continuance, we will replace the failed hardware through our RMA process. If the same product is no longer available to replace failed equipment, then a replacement of equal or greater performance will be substituted.

RETURN SHIPPING COSTS

	Cost to Customer	Country
UPS Ground	\$15	United States
UPS 2 Day Air	\$30	United States
USPS Priority	\$30	International
USPS Priority Express	\$50	International

All fees to ship the product into WiFiRanger are also paid for by customer

OUT-OF-WARRANTY REPAIRS

WiFiRanger offers reasonable pricing for repair of products that are no longer under warranty. There is an assessment fee of **\$20** for all out-of-warranty RMAs that is waived once a repair or replacement is performed.

REPAIR COSTS

	Router	Assembly	Cable	Antenna

Additional parts or miscellaneous supplies may be required for repair

*Conversion to FM (Flat-Mount) with Flex-guard version for \$70 + shipping is available

90-day Certified Warranty

Guarantees all products repaired or replaced under the WiFiRanger RMA team are backed for 90 days after the repair. Within 90 days, any failures under normal and recommended use will be treated the same as new products which are under warranty. Purchasing replacements and parts from the above table may be refurbished or like-new condition. If no refurbished equipment is available, customer may need to purchase new product.

End of Life Products
